

Dell™ Compact Charging Cart

36 Device Capacity

Protect and maximize your technology investment

Dell's Compact Charging Cart provides easy mobility to share 36 devices between locations with shelving designed to accommodate a variety of form factors and size.

Features and Benefits

- **With a small footprint, the cart is ideal for securely storing and charging 36 Dell Latitude 3190/3190 2-in-1 and 3120/3120 2-in-1**
 - Devices fit easily in the shelves provided, which are adjustable, allowing for extra storage to configuration changes
 - ABS shelf dividers are removable, allowing for configuration changes
 - Cable management on the shelf dividers keep internal cords neatly tucked-in
 - Two external outlets are included for powering auxiliary equipment
 - Power/Fault LED Status Indicator indicates charging and over-current conditions
 - Lockable rear wheels allows ease in maneuvering the cart through crowded hallways and passages
 - Top of the cart doubles up as a work surface with a max loading capacity of 25 lbs
- **AC charging system utilizes Ergotron patented PowerShuttle® 3.0 Technology to manage cart power**
 - Optimized charge time for mobile devices in the cart
 - Never waste time with power directed to an empty bank
 - Safely charge mobile devices or power a projector or printer while using cart's external auxiliary outlets
 - No user intervention required to manage device charging
- **Protection of assets**
 - Two-point locking mechanism on steel doors provide access to the mobile devices on one side and adapters on the other side
 - Ergonomic handle is designed for comfortable pushing; it also may be used to secure the cart to a fixed point via a locking cable
 - With a locking rear door, power adapters can be neatly strapped and stored in shelves at the rear of the cart
 - Optional padlock to secure both doors
- **Docking kits for Dell Latitude 3190/3190 2-in-1 and 3120/3120 2-in-1**
 - Uniquely designed docking kits for Dell Compact Cart transforms the cart to a specialty cart that provides a easy way to dock and charge Chromebooks & laptops, eliminating the need to manually connect and disconnect power cables to devices when they are charged or removed from the cart.

The docking kits are available for Dell Latitude 3190/3190 2-in-1 and 3120/3120 2-in-1 and are user installable*

* Docking kit installation services are available (sold separately)

Designed for convenience,
security and ease-of-use

Adjustable dividers and removable shelves allow devices of varying form factors to be securely stored

Optional padlock to secure both doors

Directional locks on rear wheels for better maneuverability

Power adapter storage trays
(Adapters not included in cart)

Dell recommends that customers dispose of used computer hardware, including monitors, in an environmentally sound manner. Potential methods include reuse of parts or whole products and recycling of product, components and/or materials.
