

HP Notebook Charging Carts V2

HP Notebook Charging Carts V2

Streamline deployments with efficient multi-device charging

Keep your fleet of up to 20/30 notebooks and tablets ready to go in range of environments such as education, hospitality, and more with the HP Notebook Charging Carts V2, sturdy, lockable rolling carts that securely house and charge your devices.

Simplify system updates

Push new software and system patches through an Ethernet connection to your tablets and notebooks while they are being charged with Ethernet cables integrated into the cart.¹

Charge up in a flash

Recharge PCs with Power Shuttle 2.0, which scans and distributes power to charge your devices. LED indicators deliver easy-to-read status, and built-in venting keeps devices cool. Charge extra devices outside the cart with two auxiliary outlets.

Easy to customize

Find the perfect fit for all of your mobile devices with an open architecture and removable, smooth-edged shelves that accept notebooks and tablets up to 15.6 inches diagonal. Cable management clips keep device power cords tidy and out of the way.

Lock it up

Secure your notebooks and tablets in the main compartment behind lockable doors and covers, and IT equipment and power adapters in a second, separate, lockable compartment

Use it anywhere

Move the cart between offices, classrooms, and more with integrated hand grips and four swiveling, lockable casters. Then simply park the cart, fold the retractable doors back into the unit, and load and unload your devices as needed.

¹ HP 20 Mgd Charging Cart V2/ 30 Mgd Charging Cart V2 only. Ethernet switch and Internet connection required and sold separately.
