

## Top reasons you should choose WorkFit®

### One size does not fit all

Every body and every workspace is different. Ergotron makes a very broad selection of sit-stand products to ensure a good fit for every person and workflow.

### Research drives innovation: visit [JustStand.org](http://JustStand.org)

Ergotron founded JustStand.org in 2010 to spread awareness about the dangers of prolonged sitting. We continue to initiate relevant research and foster partnerships around the world.

### Tested, safe, certified and warranted

Ergotron offers you an industry-leading warranty, cycle-tested products and more than 30 years of high-quality manufacturing expertise.

### Superior customer experience and support

WorkFit products are easily available through your preferred resellers. We provide live telephone support (24/7 in North America), live chat and email, and highly trained technicians to help you.

## Compare for yourself

	Ergotron WorkFit-TL Dual Monitor	Varidesk Pro Plus 36 Standing Desk	InMovement DeskTop DT2
			
<b>15" (38 cm) straight up and down lift</b>	<b>YES</b> Straight up and down; keyboard remains over its legs in the up position and therefore is stable. It does not push you back into your chair or office area Height range is 15" (38 cm)	<b>NO</b> As the unit lifts up, its keyboard tray arcs and moves forward—beyond its base—and out into the user space Height range is 13" (33 cm)	<b>NO</b> As the unit lifts up, its keyboard tray arcs and moves forward—beyond its base—and out into the user space Height range is 14" (35,5 cm)
<b>5-year warranty</b>	<b>YES</b> 5-year warranty	<b>NO</b> 1-year warranty	<b>NO</b> 1-year warranty
<b>2 kinds of optional monitor kits available</b>	<b>YES</b> 1. Height-adjustable Monitor Kits securely hold monitor(s) in a stable column—directly over the footprint and at proper focal distance  2. Single and dual-monitor arms	<b>NO</b> Only monitor arms	<b>NO</b>
	Note: monitor arms can extend beyond the footprint, making the platform more susceptible to bounce and tip. On some models, the platform often needs to be pulled forward, away from the back wall, which increases the overall space requirement.		
<b>Small footprint</b>	Fits on worksurfaces 24" deep, as well as on corner workstations	Recommended for 30" deep worksurfaces	Recommended for 28" deep worksurfaces

# One size does not fit all

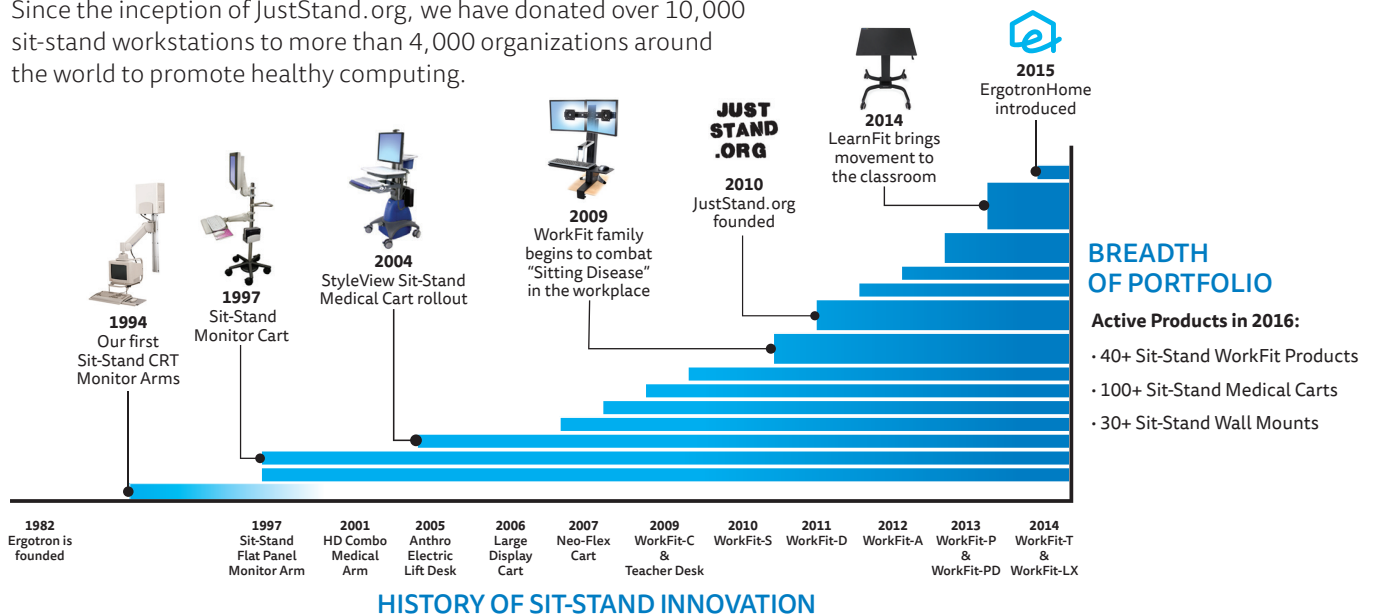

Ergotron manufactures the broadest selection of sit-stand products in the world.

Multiple models offer varying degrees of function, ergonomics and attachment. Here is just a sampling:

WorkFit-T-TL	WorkFit-S	WorkFit-A	WorkFit-LX
No tools or assembly required; sits directly on top of desk	Keyboard ergonomically drops below desk; clamps to front of desk	Swings out to free up desk space; attaches to back of desk with clamp or grommet	Broadest ergonomic range; modular arm and keyboard system
			
WorkFit-SR	WorkFit-C	WorkFit-D	LearnFit®
Preserves desk space; clamps to back of desk	Sit-stand cart with mobility	Generous worksurface; full-size sit-stand desk	Adjustable and mobile standing desk for students
			

## Our 20-year sit-stand leadership

Since the inception of JustStand.org, we have donated over 10,000 sit-stand workstations to more than 4,000 organizations around the world to promote healthy computing.
